Managing Director elected as a Fellow of prestigious Australian Academy

Toro Energy Limited (ASX:TOE) is pleased to announce that Managing Director, Dr Vanessa Guthrie, has been elected as a Fellow of the Australian Academy of Technological Sciences and Engineering (ATSE).

The prestigious appointment recognises Dr Guthrie's contribution to science and engineering innovation in the mineral resources, energy, water and the environment.

"I am honoured to be elected as a Fellow of the Academy, and to join some of the most influential names in technological sciences and engineering in Australia." Dr Guthrie said today. "I look forward to being able to advocate for a future in which technological sciences and engineering and innovation contribute significantly to Australia's social, economic and environmental wellbeing."

ATSE is an independent body of more than 800 Australian scientists and engineers seeking to enhance Australia's prosperity through technological innovation. ATSE Fellows include some of the most influential names in technological sciences and engineering in Australia.

Toro Energy is a uranium development and exploration stage mining company based in Perth, Western Australia.

Toro's flagship asset is the 100% owned Wiluna Uranium Project, consisting of six calcrete hosted uranium deposits. The project is located 30 kilometres southwest of Wiluna in Central Western Australia. The Centipede and Lake Way deposits have received government environmental approval providing the Wiluna Project with the opportunity to be Western Australia's first uranium mine.

Toro also owns a highly prospective suite of exploration properties highlighted by Toro's own discovery at the Theseus Project. The Company also has investments in Canadian and Namibian uranium assets.

Toro is also pursuing growth opportunities through accretive uranium project acquisitions.
